# PLEASE REFER TO YOUR HANDOUT

Remember...

- ⦿ A **goal** is a brief, clear statement of an outcome to be reached.
- ⦿ An **objective** is a specific, measurable, actionable, realistic, and time-bound condition that must be attained in order to accomplish a particular goal.

A goal is where you want to be and objectives are the steps taken to reach the goal.

- ⦿ Because of time limitations, we will discuss each Area of Emphasis for 10 minutes. Following today's meeting please feel free to share your additional recommendations with Patti Cordova at [pcordova@az.gov](mailto:pcordova@az.gov) so that your input can be passed on to the State Plan Sub-committee.
